DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 16 October 2006 has been entered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jonathan Rushman on 20 December 2006.

The application has been amended as follows:

Amend claim 8 as follows –

8. (Currently Amended) A mirror for mounting on the rear side of a bus, said mirror being relatively larger than any front mounted mirrors and capable of being selectively deployed to an outward position by the operator to reflect forward and provide a view of the [area] danger zone on the right side of the bus [that is adjacent to the rear wheel of the bus].

Allowable Subject Matter

3. Claims 1-13 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable for at least the reason, "said second mirror providing a view of the danger zone on the right side of the vehicle and being viewable by the driver through said first mirror" as set forth in the claimed combination. Claims 2-7 are also allowable based upon their dependence on claim 1.

Claim 8 is allowable for at least the reason, "provide a view of the danger zone on the right side of the bus" as set forth in the claimed combination. Claims 9-13 are also allowable based upon their dependence on claim 8.

The prior art of record teaches a vehicle with a system of mirrors that allows a driver to view the right side of the vehicle comprising a first mirror facing in a rearward direction and viewable from the position of the driver's seat, a second mirror mounted toward the rear of the vehicle and facing in a forward direction, said mirror providing a view of the right side of the vehicle and being viewable by the driver through said first mirror (see also Ben-Ghiath US 5,666,227, Figures 2B, 2C) or a mirror for mounting on the rear side of a bus, said mirror being relatively larger than any front mounted mirrors and capable of being selectively deployed to an outward position by the operator to reflect forward and provide a view of the side of the bus (such as Warming). However, the prior art of record does not teach a second or rear mounted mirror providing a view

of the danger zone on the right side of the bus, the term "danger zone" as defined in the specification on page 2, lines 16-17 and there is no motivation or teaching to modify this difference as derived.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alessandro Amari whose telephone number is (571)272-2306. The examiner can normally be reached on Monday-Friday 8:00 AM to 5:30 PM.
